

Acme Robotics — Employee Handbook

1. Vacation Policy

Full-time employees accrue 15 days of paid vacation per year during their first two years of employment. Starting in year three, accrual increases to 20 days per year. Vacation days do not roll over between calendar years; unused days above 5 are forfeited on December 31st. Employees must submit vacation requests at least two weeks in advance through the HR portal.

2. Remote Work Policy

Employees may work remotely up to 3 days per week, subject to manager approval. Fully remote arrangements require VP-level sign-off and are evaluated on a case-by-case basis. All remote employees must be reachable during core hours, defined as 10 AM to 4 PM in their local timezone, and must attend the quarterly in-person team offsite.

3. Parental Leave

Acme Robotics offers 16 weeks of fully paid parental leave for the primary caregiver and 8 weeks for the secondary caregiver, applicable to birth, adoption, or foster placement. Leave must be taken within 12 months of the qualifying event and can be split into two blocks of at least 2 weeks each with manager approval.

4. Expense Reimbursement

Business expenses under \$75 do not require pre-approval but must be submitted with a receipt within 30 days. Expenses over \$75, including travel and client entertainment, require manager pre-approval via the Expensify system before the expense is incurred. Reimbursements are processed within 10 business days of approval.
